

(AMEUN2012)

## **AMEU NEWS – GENERAL INFORMATION; JANUARY, 2012**

AMEU NEWS is a full colour newsletter of the Association of Municipal Electricity Undertakings (Southern Africa) in A4 format, which contains general news of the Association's activities, of its member undertakings and its affiliated members, and other relevant industry news. It reports on developments, people, projects and products that are of interest to members and associated industry organizations.

These are published as and when appropriate, not on the basis of special features for a particular issue. Publication is usually in March, June and November each year.

The newsletter is circulated to about 2600 readers free of charge and these included City and Town Electrical Engineers of most electricity undertakings, other senior municipal officials and councilors in towns served by these undertakings, consulting engineers, academics, research organizations, various Government departments and quasi government bodies and Eskom officials, commercial organizations and public libraries. A number are posted to readers in other African and overseas countries.

Direct advertisements are accepted, as are sponsored advertorial items containing relevant product or project information. No charge is made for assistance given in preparing advertorial material if this is necessary.

The rates for sponsoring or advertising in 2012 are as follows;

Half page (A5).....	R4300 + VAT
Full page (A4).....	R6500 + VAT

Part-page, or other special requirements, are negotiable.

**It is important to note that all rates are NET. Where applicable, any agent's commission must be added to the amounts. Also, the same rates apply whether the material is made up repro material or in electronic format. The Editor reserves the right to reject any material considered unsuitable for publication.**
